

Leaps and Bounds

While **Leaps and Bounds Pediatric Therapy Center** provides home-based services, the premise behind our Center's origin was to develop one location that could offer a variety of pediatric therapy options; habilitation, respite and attendant care services.

Leaps and Bounds provides quality pediatric services in a caring and secure environment. Our customer focused and convenient scheduling brings an added dimension to the Center's overall support system.

Leaps and Bounds is located in **Rome Towers** off of the 202 Freeway at Pecos Roads and Rome Street just east of Val Vista Drive.

Ask us about:

Caring Hearts Connection, our partner that assists clients of all ages with non-medical home care needs

“We love the one-stop approach of Leaps and Bounds Therapy Center. Finding one place to take our child to meet all of her developmental needs is a God send to us.”

Description of Services

Therapy: *Leaps and Bounds Pediatric Therapy Center* works with some of the finest therapists in the East Valley. Physical Therapy, Occupational Therapy, Speech Language Pathology and Music Therapy are some of the therapies provided. These services are provided directly at the Center, or may be arranged at a client’s home. The Center is in the new Rome Towers pictured below.

www.rometowers.com

Habilitation: Center and home-based services are coordinated with therapists to supplement their professional services. In our **Habilitation Lab**, a variety of workstations are available to service children with autism, developmental delays, sensory impairment, ADHD, etc. Children will have one-on-one attention to achieve their habilitation goals. Habilitation needs range from self-help assistance to academic instruction.

Respite Care: Trained staff are available to provide respite services to meet family needs. Attentive care in your home or in a safe, secure and educational setting in our **Respite Room** at **Leaps and Bounds Pediatric Therapy Center** are options licensed by Arizona Division of Developmental Disabilities (DDD).

Attendant Care: Leaps and Bounds Pediatric Therapy Center also is licensed to provide Attendant Care Services. This service provides necessary support in order for the person to remain in his/her own home and/or participate in work or community activities. The goals of the service include assisting the person to have a safe and clean home, stay healthy and clean and have good meals. This support may occur in the person's home or in the community and is based on the person's specific needs, as identified through the Individual Support Plan process, such as bathing, dressing, housecleaning, etc.
